**Houck Arizona Indian Reservation**

## Roofs in Arizona

Two Bronze Projects were completed in Arizona. The Mississippi Pathfinders completed a metal roof at Polacca, AZ. and the Tennessee Pathfinders completed one at Houck, Az. I would like to personally thank the coordinators and work leaders on these team, **Joe Taunton** and **Terrance Vaughn** on the TN. Team and **Melroy Slider** and **David Giddens** on the MS. Team.

With metal cost going up we were short on our material dollars and I would like to thank Dickson A/G in Tennessee for helping us meet our material dollars.

**Polacca Arizona Indian Reservation**

## Life A/G build Church in Bolivia

**Life A/G**, located in Nashville, Tn. and pastored by **Andrew Wharton** is a brand new church only three years old. They are in a building program of their own but wanted to reach out to the Guarani, Indians in Southern Bolivia. Life funded the 10K in building materials and sent 13 members from their church to be a part of the extremely Gold Pathfinder team. The team endured below normal temps in an area known for its heat and much rain in their dry season. There will be many stories told about this project in the years to come. The Guarani make less than \$1 per day so I think you can see why the building to the right is such an awesome place to worship God.

## Bellshire funds church in Bolivia

A small village in southern Bolivia now has a complete church building thanks to the **Bellshire A/G** in Nashville, TN. The building funds were donated in memory of Sheila Wiley. Sheila was a youth leader in the church and had a strong desire to serve on the missions field. Her father; **Rev. Tim Brown**, two brothers; **David and Danny Brown** and husband, **Chris Wiley** were a part of the construction team.

Tim was also honored to preach the dedication service and present a memorial plaque to the Guarani pastor.

The Bolivia Pathfinder teams were hosted by Missionary **Rich Farthing**. Rich spent much time and hard work prior to our arrival and helped to make the project a great success.

## Itineration Trail

We have reached a 100% of our monthly support and 50% of our cash need. Thanks so much for each and everyone of you.

Pathfinder teams are making a difference in areas of the world where most don't want to go.

If you are interested in conducting a Pathfinder project, please check out the new web site at [www.pathfindermissions.com](http://www.pathfindermissions.com)

Even if you are not a Royal Ranger or Frontier Camping Fellowship member but you want to work in some extreme locations please contact Mike King and he will get you on your way.

We are still in need of teams for Reservation Projects this Summer.

## Upcoming Projects:

June 3, 2005—Griffin, GA. Pathfinder team to Arizona

June 11, 2005—Tennessee Bronze Pathfinder team to Arizona

July, 2005— New Orleans, Urban School of Missions.

December, 2005—Gold team to Honduras
