Griffin Georgia at Cornfields Arizona
Week One

Bronze Pathfinder Team in Arizona

Two teams make a huge difference in the living standards of one of the home mission's pastor in Cornfields, Arizona.

The first team was from Griffin, Georgia. This was their first US Missions team but I don't think it will be their last. The team not only framed up the parsonage but painted the inside of the existing church.

We are so grateful for Mission's Pastor **George Jacobs** teaming up with Pathfinders.

The second week Mike and Joe were joined by seven members of a **Tennessee Pathfinder team** and continued the work. At the end of the week the house was roofed, wired, insulated and sheet rocked.

Just a couple of more teams and Pastor Joyce can move in. If you are interested in finishing this project or working on another Reservation project please contact me.

It was not only a pleasure to build on the Navajo Reservation but to also be a part of many church services during the two week stay.

We have added another tool to help us raise our support. We now have a donation link on the Pathfinder Web Site for this purpose. Try it out and see if it really works. We sure will appreciated it.
