## Hope for Women Home

Pathfinders from Tennessee, Kentucky and Missouri traveled to Albany, New York to remodel a 1904 Home. The Home is an outreach ministry of New Hope A/G in Albany, Pastured by Keith Davey. The home will be used to provide a shelter for ladies as they are rescued from their life on the street to their new life in Christ.

Special thanks to Tennessee Honorbound, Pathfinders, and Loma Vista A/G in Missouri for the material funds for this project.

I was asked to share with the intercity church about Pathfinders and will look forward very soon to have them join me on a team.

## Upcoming Projects:

Feb. 2006—Guatemala Gold Team

Mar. 2006—Walipai Reservation project for missionary Bill Easter

Summer 2006 Lithuania Youth Camp

TBA—Philippines Children's Home

TBA—Honduras Church Camp

TBA—Gold team to Panama, Guaymi

## Porta Lemperia, Honduras

The national Royal Ranger department sponsored the building materials for a church in Purta Lempira. The National team was made up of 13 members coming from six states. After many hours of grueling travel the team reached this remote site and completed their project in four days.

The church is pastured by David Castro and serves as a Christian boot camp for new converts to Christ. David is a visionary and will use the camp to disciple thousands in their Christian walk.

I would also like to thank Ricky Sandana for much assistance and coordination for the team in La Ceiba, Honduras.

There are other needs in this area if you are looking for a project in Central America.

## Guatemala in 2006

I just returned this past month from a site visit for the future church in Guatemalan mountains. After traveling 5 hours from Guatemala City and spending the night with the Superintendent of that region, I travel another 4 hours 4 wheeling through the mountains and then 3.5 hours hiking to the village. We were warmly greeted and allowed to stay the night in the pastor's house. The church is very excited about their new church building. They presently have over 80 members in their present church.

Please pray for God to grant us transportation favors to get the materials to this remote site.

Tennessee Royal Rangers will be raising the material money for this project through their adopted pigs and other efforts. Over 2300 dollars have come in for this project already.
